

## Harness Breeders NSW- What we are about

Harness Breeders NSW was formed to promote, encourage and support Breeders of Standardbred horses in NSW. We have a vibrant and active committee that has a wealth of experience in breeding, owning as well as general industry participation, and are committed to ensuring the continual progress of the NSW industry by engaging with our members and industry bodies. The Association has grown significantly in recent years, including a 3 fold increase in membership last season to over 250 members making Harness Breeders NSW the largest harness association in NSW.

HBNSW is accredited by HRNSW and therefore is consulted on all breeding policy. Harness Breeders NSW is also represented on the Australian Standardbred Breeders Association (ASBA). The Association has also played pivotal roles in the introduction of such benefits as the \$3000 Breeders Challenge Breeders bonus and the automatic drop back clause for racing mares.

With the impending sale of Harold Park and the introduction of excellent state based futurity initiatives as highlighted above under 'NSW Breeding Schemes' , the future is very bright and we encourage everyone in the NSW Harness Racing fraternity to join our association and take advantage of some of the amazing benefits of being a member including:

- \* Fantastic stallion discounts from some the leading NSW studs who support our organisation and breeding in general in NSW
- \*10% discount from Southern Cross Transport covering all your transport needs for your horses.
- \*Free quarterly issues of Trackbred Magazine, and the annual Breeders Bible - the Stallion Guide.
- \* Generous discounts on Gazette subscription (25%) and Harness Racing International Magazine (20%).
- \* Bi-monthly newsletters covering all things breeding including information, data and statistics relating to the Breeding Industry
- \*Discounts on agistment and associated services at Calderwood Farms
- \*A subsidised dinner ticket to the Harness Breeders NSW AGM and Awards night

So as you can see from the above, becoming a member of Harness Breeders NSW offers a wide range of benefits and as we are always on the look out for more great deals for our members, we hope to be bringing in some exciting new benefits in the 2010/2011 season.
