

RACE PROGRAMMING – 3YO'S

Race programming across the state for 3YO's at Primary Meetings is to be amended following feedback received from stakeholders.

Since 1 September 2014 3YO events in most instances have been programmed for maiden horses (excluding Graduation and Penalty Free wins) with horses that won 2YO Career Penalty events excluded and being placed in a competitive 3YO and older event.

Effective from 1 December 2014, 3YO events at Primary Meetings will be programmed for 3C0 horses allowing 2YO winners to compete in and win their initial 3YO event against other 3YO's.

3YO Maiden events will continue to be programmed at Secondary Meetings on rotation and predominately later in the season when the 3YO horse population has increased.

Updated race programs can be viewed at <http://www.harness.org.au/meeting-calendar.cfm> or on HarnessWeb.

HRNSW will continue to review feedback from stakeholders and may modify programming to ensure the best interests of the industry.

For further information please contact the Racing Office on 1300 712 612.
