REQUIREMENTS FOR HORSES TO RACE UNHOPPLED (OR REVERT BACK TO BEING HOPPLED):

A - For a horse to compete unhoppied after qualifying to race hopped, the following conditions must be met.

1. The horse must trial satisfactorily unhopped in TWO consecutive official trials;
2. When nominating for an official trial the Trainer will notify HRNSW that the horse is trialling for the purpose of qualifying to race unhopped;

B - Where a horse has raced unhopped and the Trainer seeks to again race the horse hopped, the following conditions must be met.

1. The horse must trial satisfactorily in ONE official trial, whilst hopped;
2. When nominating for an official trial the Trainer will notify HRNSW that the horse is trialling for the purpose of qualifying to race hopped;
3. Prior to acceptance for any race the Trainer will lodge a Gear Form with HRNSW notifying the change to race with hoppers; and

NOTICE

RACEDAY TREATMENT – Vicks; Camphor; Glycerine and the like

Trainers are reminded that the application of these substances (above) is not permitted on the day of a race.

Rule 193(3) states; “A person shall not administer or allow or cause to be administered any medication to a horse on race day prior to such horse running in a race.” Sub-rule 193(4) does provide for Stewards to apply discretion.

Rule 193(6) prescribes medication in the following terms; “For the purposes of this Rule, medication means any treatment with drugs or other substances.”

Trainers should understand that Rule 193(5) directs the subject horse shall be withdrawn. The Rule states;” The Stewards shall order the withdrawal or disqualification of a horse that has been either treated or attempted to have been treated in breach of sub-rules (1), (2) and (3).”

Rule 193(8) states; “A person who fails to comply with sub-rules (1), (2), (3) or (7) is guilty of an offence.”

Trainers should also understand that this medication should not be brought onto racecourses.

NOTICE
ARRIVAL TIME ON COURSE – Metropolitan meetings

HRNSW confirms previous amendments made (in May 2014) to arrival times for Metropolitan race meetings.

First race at any meeting:

All horses engaged in the first race shall be on course in their raceday tie-up stall no later than 1 hour prior to the advertised starting time of that race.

Second and subsequent races:

All other horses shall be on course in their tie-up stall no later than 90 minutes prior to the advertised starting time of their respective race.

Group 1 races:

All other horses shall be on course in their tie-up stall no later than 2 hours prior to the advertised starting time of their respective race.

All Trainers are reminded that they **MUST** ensure that they arrive on course prior to the times prescribed above.

Stewards will monitor and strictly enforce the arrival times. Trainers are alerted that horses which arrive late may be scratched from races and the Trainer subjected to a penalty. Where a horse is permitted to start Stewards may direct that additional samples (both pre and post-race) be taken.

At Tabcorp Park Menangle, Trainers will now be required to sign the Horse Arrival Record. Trainers are hereby notified it will be their responsibility, irrespective of whether they delegate others, to ensure the appropriate detail is provided to the Club Official appointed for the purpose of recording the arrival times of horses onto the racecourse.

Failure to ensure this occurs will result in action being taken against the Trainer.

Trainers who experience legitimate delays in travelling to a race meeting should alert the Stewards to their situation, as soon as practical, to allow full consideration to be given to their predicament.

The arrival times prescribed above will not affect HRNSW's equine drug sampling strategies.

For further information please contact HRNSW on (02) 9722 6600.

Effective 23 September, 2016.

NOTICE
APPROVED GEAR - BURRS

After consulting with Industry Veterinary Surgeons, Stewards in other states and the UHRA HRNSW Stewards advise that the only BURRS approved for use in the harness racing industry are those made from rubber or plastic, and after purchase have been blunted. This can be readily achieved by rubbing the item against a concrete or concrete block wall to take the sharp edge from the "pimples".

No other BURRS are approved, or will be permitted to be used.

HRNSW will continue to examine BURRS during stable inspections as well as at official trials and race meetings.

At a recent race meeting Stewards observed two BURRS applied to the same side of a horse, one on a lugging pole and another on the rein. It will not be permitted for Trainers to present a horse with two (2) BURRS.

In another instance padding was detected under a BURR in order to increase the effect of the BURR. This strategy is also not permitted.

NOTICE
BLEEDER – One nostril

Trainers are alerted to their requirements where a horse exhibits blood in one nostril.

To clarify a Trainer obligations under the Rules Stewards hereby direct that any horse which exhibits blood in a nostril shall be reported the Stewards. Any Trainer found to disobey or not comply with this direction will be considered in breach of Rule 238. 238 states; "A person shall not fail to comply with any order, direction or requirement of the Controlling Body or the Stewards in the absence of or contrary to such order, direction or requirement."

Any horse which has bled from one nostril must have a Veterinary Certificate of Fitness submitted prior to completing a trial to the satisfaction of the Stewards.

NOTICE
CLARIFICATION OF AMENDED RULE (AHRR) 170(1)

A recent amendment to Australian Harness Racing Rule (AHRR) 170(1) will come in effect from 1 November 2016. The amendment reads as followed;

Rule 170 (1) states; "A driver shall, throughout the course of a race, drive with both feet in the rests of the sulky, unless he is activating approved gear."

For clarity purposes, Harness Racing NSW currently accepts the use of drivers releasing and/or activating approved gear with their feet. This amendment will not have any effect with the current policing of this Rule. However Drivers need to understand that Stewards will not tolerate contact being made with the horse under any circumstances.

Recently Stewards have been concerned at the frequency at which Drivers questioned in regards to "dropping a foot" have stated that they had insufficient time to set up a sulky pre-race, and therefore had difficulty keeping their foot in a rest/stirrup.

Drivers are provided with notice that Stewards consider their professional responsibility to have properly adjusted their seat or rests, and lines attached to gear, prior to a race and such factors alone might not be considered a defence to breaches of the above Rule.

NOTICE
AGED HORSE WELFARE POLICY

Harness Racing New South Wales (HRNSW) is committed to the humane treatment and the welfare of registered standardbred horses and has adopted an Aged Horse Welfare Policy.

To ensure the ongoing well-being of registered horses, raceday Veterinarians will be required to routinely examine horses presented to race to ensure the highest possible standards of safety, health, comfort and welfare. The Policy is intended to position HRNSW and the industry if confronted in the future with welfare concerns.

This Policy requires raceday Veterinarians examine and report on the following groups of horses prior to racing.

A - HORSES AGED 12 YEARS OR MORE:

B – HORSES HAVING MORE THAN 200 LIFETIME RACE STARTS:

C – HORSES WHICH HAVE NOT HAD A RACE START WITHIN TWELVE (12) MONTHS OF PREVIOUS START:

D - HORSES RACING ON CONSECUTIVE DAYS:

E – HORSES RACING TWICE ON THE DAY:

Licensed persons are responsible for ensuring all horses in their care are treated with kindness and are not subjected to mistreatment or neglect.

HRNSW will ensure that any matter involving the welfare of registered standardbred horses will be thoroughly investigated. Where there is evidence of maltreatment HRNSW will ensure that appropriate action under the Rules will result.

HRNSW has consulted with and taken advice from the UHRA in regards to the Policy.

Effective 1 October, 2016.

NOTICE TO PARTICIPANTS HRNSW "OUT OF DRAW" POLICY

REMOVAL OF FIRST ODM

Currently, when a horse has been made ODM or ODS by the Stewards pursuant to Rule 134, the first embargo is able to be lifted at Official Trials at which a HRNSW Steward is in attendance.

After a suitable review period, HRNSW Stewards have decided that the first ODM can now be removed by all Official Trial Supervisors.

However, the removal of the second ODM can only be lifted after competing in a race.

It is the responsibility of the Trainer of a horse wishing to have an Out of Draw lifted at official trials to inform the Official Trial Supervisor prior to trialling.

In accordance with the Official Trials Policy, the Trainer shall ensure that he has the horse's registration papers available at the trials for inspection by the Stewards/Supervisor.

This Policy will come into effect from 1 June 2013 and is to be reviewed after a period of 6 months.

LIFTING OF ODM

Trainers are reminded that in order for the second ODM to be lifted, the officiating Stewards must be requested by the Trainer to have the ODM lifted.

For the ODM to be lifted Trainers must make a request on the race day/night that the horse competes. Failure to do so June result in the ODM not being lifted.

NOTICE TO PARTICIPANTS APPLICATION TO TRAIN HORSES BY VISITING TRAINER

Due to the increased occurrences of interstate and international trainers now racing in NSW it is imperative from an integrity perspective that Stewards are advised of the location of competing horses and who will be in charge of them during their campaign.

It is therefore a requirement of HRNSW that all visiting trainers complete and return the Application To Train Horses By Visiting Trainer Form following acceptance in any NSW race.

The forms will be sent to visiting trainers by the HRNSW Racing Office and must be returned to the HRNSW Stewards 24 hours after the release of race fields. Forms are also available on our website at <http://www.hrnsw.com.au/forms.html>.

Non compliance June result in any horse being withdrawn from the field and action taken against the trainer under the Rules of HRNSW.

The lodgement of an application form does not apply to horses travelling directly from their home stable to and from a race meeting.

For further information please contact HRNSW Integrity Department on 02 9722 6600.

CHANGES TO THE HRNSW NOMINATION, ACCEPTANCE, SCRATCHING AND DRIVER DECLARATION POLICY

Effective 1 September 2016, stakeholders are advised to take note of the following changes to the HRNSW Nomination, Acceptance, Scratching and Driver Declaration Policy.

WITHDRAWALS

2.4 Withdrawals:

- a) Horses are not permitted to be withdrawn from an Event other than the Divided Stakes (i.e. 3C0/3C1, 4YO+ C0, M0 etc) between the close of nominations and the close of acceptances on the same day. Normal scratching penalties will apply for horses scratched outside of these times.
- b) \$44 (GST inclusive) will be charged to a trainer if they withdraw in excess of one (1) horse from a Divided Stakes Event (i.e. C0 or better) between the close of nominations and the close of acceptances. Normal scratching penalties will apply for horses scratched outside of these times.

2.5 Clause 2.4 will NOT apply in the following circumstances:

- a) Where a trainer has nominated for multiple races (when the acceptance time is the same) and is gaining a start in an alternate event. In this instance and during the viewing period (12:30pm to 1:30pm) the trainer **must** withdraw their horse(s) from the event they do not wish to accept for, or, notify the Racing Office of their preference.

A preference is just that and it is not always possible to obtain your preference.

- b) Where prior to the close of nominations the trainer has notified the Racing Office of a minimum number of starters at a meeting (i.e. three starters or none).
- c) Where prior to the close of nominations the trainer has notified the Racing Office that they only require one runner per division of a race (i.e. split my horses – only draw one runner per race)

- 2.5 If for the purpose of maximizing a field size it is necessary to accept nominations after the original closing time of nominations, horses nominated prior to the original closing time will be given preference in selection of the field/s, regardless of whether or not these horses have an unfulfilled engagement.

FINAL FIELD SCRATCHINGS

- 3.1 Any horse scratched after acceptance time will automatically be stood down for 28 days, however if scratched prior to the scratching deadline prescribed in clause 5.1, the horse may be withdrawn without a Veterinary Certificate in non Feature Races **for a fee of \$88 (inclusive of GST) or with a Veterinary Certificate (subject to Stewards review). Payment of the fee or the submission of an approved Veterinary Certificate will decrease the stand down period to 6 days or as prescribed by the Veterinarian (with the minimum stand down period being 6 days).**
- 3.2 Any horse withdrawn after the official scratching deadline will automatically be stood down for a period of 28 days and **will incur a scratching fee of \$330 (GST inclusive).**
- 3.3 Any horse withdrawn in accordance with clause 3.2 may have the stand down period reduced to 10 days by submitting an approved Veterinary Certificate.
- 3.4 **HRNSW may waive the \$330 late fee imposed under clause 3.2 after the submission of an approved Veterinary Certificate** stating the horse was unfit to race on the day in which it was scratched. Upon application, HRNSW Stewards may alter the stand down period in addition to any of the above or for other legitimate reasons such as transportation difficulties.
- 3.5 This policy applies to all horses scratched after the official scratching deadline and includes horses scratched on course by the Club Veterinarian.

SCRATCHING DEADLINE

- 5.1 The FINAL notification time for the scratching from a race other than a Group 1 race conducted at a night meeting will be 9.00am on the morning of the race.
- 5.2 The FINAL notification time for the scratching from a Group 1 race conducted at a Night meeting will be 3.00pm on the afternoon of the race.

NOTICE TO PARTICIPANTS CONCESSION DRIVER TERMS & CONDITIONS

The HRNSW Board made amendments to the Concession Driver Terms & Conditions at its meeting of 28 January 2014.

Background

The Concession Driver Terms and Conditions have had many changes over the years to better fit the NSW racing environment.

Since the last changes in July 2012 there have been changes to the landscape of racing in NSW.

These changes have been brought about by the programming of multiple conditioned events, races for R1 and better horses at Tier 3 meetings being framed by the Handicapping Panel and the Reduction In Class Rule has taken its full effect, meaning that a small percentage of the horse population progresses to C4 or better.

Due to the above facts, Concession Drivers are receiving fewer opportunities to use their claim and hence trainers have been provided with less opportunity to drop their horses back in class and therefore HRNSW needs to reconsider the Conditions.

Amendments

The Conditions have been amended whereby now the minimum front of races is changed from C2 to C1, from R2 to R1, from T2 to T1 and from TR2 to TR1.

The above changes will bring the minimum fronts of the races in line with both the Mares Automatic Drop Back Clause Policy and the Australian Handicapping Rules.

Furthermore Concession Drivers can now be utilised in divided stakes events (i.e. races programmed as R1 or better) and in conditioned events where there is no determined front of the race (i.e. For horses assessed no better than C2 that have not won more than \$1,000 in their last 4 starts).

New Conditions – effective 1 March 2014

All conditions are subject to annual review.

Term	Condition
Term	5 years from attainment of an initial B Grade Drivers Licence* or the driver reaches the age of 23, whichever is the latter. (*If applicable, the term will end at the conclusion of the 5th racing season after the attainment of an initial B Grade Drivers Licence)
What is a Win?	A win will count whether or not a concession has been claimed. (A dead-heat does not count as a win).
Wins	250 (for the Term)
Term Extension	Should a driver not win 50 races during the Term then they will receive a two year Term Extension. The Term Extension will end upon whichever of the following occurs first: a) a driver wins the 50th race of their career b) at the conclusion of the 2nd racing season of the Term Extension Term Extensions are not retrospective and commence with drivers coming out of their Term on 31 August 2012.
Minimum Front	M1 C1 R1 – TM0 T1 TR1

THE WHIP - IT'S IN YOUR HANDS DVD RELEASED

EQUINE welfare has no finish line and Harness Racing Australia (HRA) Members are committed to the improvement of welfare outcomes and safety for harness racing horses and participants via continuous benchmarking exercises, policy and rule review.

The social licence for harness racing to operate is hard fought among the changing expectations of the wider community - and needs to be protected. Questions of ethics, integrity and transparency need honest and ongoing assessment, while the provision of information is critical to educate and provide confidence for all sectors of society.

HRA recognises that the use of the

whip in animal racing is one of the highest profile welfare issues among the community and animal welfare groups.

This recognition was reinforced by HRA Members who unanimously approved new Whip Rules, along with the release of a new video titled, "The Whip - It's In Your Hands" which was endorsed by industry Stewards and Regulatory Veterinarians at today's HRA Integrity Conference, held at Tabcorp Park Melton.

While in its simplest form the rule requires drivers to hold a rein in each hand at all times in races and trials, the rule has also been designed to improve on the subjectivity of the current rule, welfare of

the animal, public perception and community standards, ethics and the capacity to control the horse.

The new rule, to take effect on 1 May 2016, attempts to balance industry needs and community expectations, building on the previous moderation introduced in 2010.
