

HRNSW Mares Handicapping System for Tabcorp Park Menangle

Harness Racing NSW in conjunction with Club Menangle will introduce a Mares Handicapping System for Tabcorp Park Menangle Metropolitan Meetings. This initiative is based on stakeholder feedback and the desire to provide opportunities for mares to race against their own sex for higher levels of prizemoney. HRNSW will add additional races to the Menangle schedule and also fully fund these additional \$14,000 races.

From July 1 races for mares under this system will be programmed every fortnight at Tabcorp Park Menangle for a trial period of three months.

PRIZEMONEY & FIELD SIZES

Division 1 (\$20,000) must have the minimum field size of eight (8) acceptors.

Division 2 (\$14,000) must have a minimum field size of eight (8) acceptors.

Division 3 (\$9,000 Tuesday) must have a minimum field size of eight (8) acceptors.

Eligibility

Races are open to all mares.

Field Selection

All mares will be deemed to have \$0 as at July 1.

For the purpose of the barrier draw the prizemoney won in their last five (5) will be applied inclusive of race starts prior to July 1.

For example: Mare A is eligible to compete at \$0 (July 1) but has won \$20,250 in her last five (5) starts.

Mare B is eligible to compete at \$0 (July 1) but has won \$8,950 in her last five (5) starts.

Note: In this instance both mares are equally eligible but Mare A would draw a wider barrier than Mare B.

Further example: Should either Mare A or Mare B win in excess of \$24,000 prizemoney after July 1 in their next five (5) starts they would become ineligible.

Note: Once either Mare A or Mare B has won less than \$24,000 in their last five (5) starts after July 1 they would again become eligible.

Handicapping

Mares will be divided into separate fields of ten (10), plus one (1) emergency (if sufficient nominations are received), according to the prizemoney won in the last five (5) starts.

Note: Trainers must note in the comment box "only 1 runner" at the time of nomination if they don't want multiple runners. For the sake of clarity HRNSW will not split owner, trainer or driver multiples.

Barrier Draws

Barrier Draw positions are based on the prizemoney won in the last five (5) starts inclusive of race starts prior to July 1. In ten (10) horse fields the mare drawn in the widest position in the Level below will be drawn as an emergency in the Level above, in Barrier 1.

Note: Driver Concessions will not apply.

Prizemoney Splits

The prizemoney splits for the mares races will be in accordance with the standard HRNSW model be as follows:

First	60%
Second	15%
Third	10%
Fourth	5%
6 th to 10 th	2% each
